Learning to swim is an essential life skill best achieved at an early age. Becoming a proficient swimmer is an important step to ensure your child's safety in/around water.

CPAC Swim lessons have been adapted by the Learn-To-Swim staff from leading swim instruction institutions to ensure progression in your child's swim skills. **Parents with a CPAC** or Red Cross Swim Card should use the last level achieved by the student as a part of the registration process. Those without a swim card, should indicate "pretest" as the child's ability status.

Student to instructor ratio is a maximum of 4:1 for 3 & 4 year olds and 7:1 for 5-15 year olds. Consistent attendance is necessary for a child to make progress in his/her swim ability. Parents are welcome to stay pool side to observe classes throughout the swim session. One week notice is required for refunding out of class.
