

Some Special Event types require a Certificate of Insurance for coverage, in addition to the Village's standard Hold Harmless and Indemnification Agreement. You are free to use your own provider to issue a Certificate of Insurance coverage, so long as it complies with the policy coverages required by the Village. For more information regarding policy coverage requirements, please refer to the Village Ordinance. In the alternative, as a resource, and not as an endorsement, the Village has provided a link below for Tenant User Liability Insurance Protection (TULIP) offered by Philadelphia Insurance Company. This program is specifically designed for users of facilities or venues who lack short-term liability insurance for special events, or wish to use a third-party in lieu of their own coverage.
